

Birchwood High School

your dreams, your future, our challenge

Back to School Mathematics Evening

Dear Parents/Carers,

In the Mathematics Faculty, we have received feedback from parents to say that they are not sure how to support their child with maths, as they feel unsure of how maths is taught today and what strategies are used. Therefore, we are delighted to offer you the chance to come '*Back to School*' and see how some aspects of maths are delivered at Birchwood.

We will be running a '**Back to School Mathematics Evening**', for parents and carers this term. The first session will be for Year 7 and 8 parents and carers and will look at core aspects of the Key Stage 3 curriculum. The second session will look at GCSE content (Years 9-11), as well as revision methods and resources.

Both sessions will take place on the evening of **Tuesday 5 March 2024** from 5.30 to 7.00pm in the maths rooms which are located upstairs in D Block. Light refreshments will be provided. Please be aware that these sessions are for parents and carers only, students should not attend.

If you would like to attend either session, please respond by Friday 16 February using this form - <https://forms.office.com/e/hsYPKE1Kzb>.

If there are any topics that you would like to be included during the session, please note this on the form and we will try and accommodate your request during the evening.

Yours sincerely,

Mr D. Summers
Second in Mathematics Faculty

Principal - Mr Sam Griffin
